

Compare and Contrast

Compare: find similarities

Contrast: shows differences

When trying to compare and contrast, think about the following:

Characters

1. How are they ?
2. How do they act?
3. How do they think?
4. What qualities do they have?

Events

1. Why did it happen?
2. Time it happened
3. Result of each event

Objects

1. How are they?
2. How do they function?
3. The purpose of each object
