

To Choose an Answer

1. Start with questions that you can easily answer.
2. Read and try to understand the statement before looking at the answers and choosing one.
3. Underline key terms and clue words.
4. Think about the possible answer and then look for it in the answers listed.
5. Put an X on the answers that don't make sense.
6. Find evidence in the text to support your answer.
