

A round black bowl,
face up it is empty,
face down it is full.

Run with me, walk with me,
dance with me too.
I come in pairs,
But one is called a _____.

You wear me in the winter
or in the fall.
I have the same name as
a layer of paint on a wall.

I hang around in front and
help a man look fine.
I come in many colors
And designs.
