

I always take a vacation,
and I can go on a voyage,
but I can't take a trip
or go on a cruise.

Wamba and Witiza
have me standing.
Victor only has half of me,
and Muza has me upside
down.

Thanks to this I can
eat pizza with pizzazz.
But it doesn't help me
spaghetti with style.

I am in the moon, but you
won't find me in the sun.
You will find me in oceans,
but not in seas.
