

CASE C

Fruit is a good food for our health. For this reason, Juan loves to eat a variety of fruits as a snack every day. At about 5 in the afternoon, he goes to the fruit stand and buys an apple. He bites into it on the way home and enjoys its sweet taste.

CASE D

My younger sister is sick. She has a headache and a fever. Mother gives her antibiotics to calm her down. She encourages her to drink plenty of water so she stays hydrated.

CASE E

Ricardo woke up with a cough, a sore throat, a headache, and a fever. Sometimes it is difficult for him to breathe. But today is an important day because it is the birthday of his friend Fernando. So, he puts on his superhero costume, takes Richie's gift and walks to his friend's house. Nothing in the world would keep Ricardo from missing this great party.
