

Name _____

Date _____

Concierge

The concierge is the person who is responsible for the safety and maintenance of buildings and condominiums.

He performs functions such as monitoring the entry and exit of people to the building or property, turning lights on and off in common areas, collecting garbage cans in public areas and performing minor repairs.

The concierge checks equipment like elevators and fire extinguishers. If they find something wrong, they call the technician to repair it.

Concierges are the first point of contact for tenants or homeowners. They work in buildings, condominiums, schools, offices, and hotels.
