

# LOLA AND THE TENNIS MATCH

Lola does not like playing most sports, but she has always been a great fan of tennis. It is the only form of physical exercise that motivates her to practice a sport. She likes to play tennis, especially on the warm spring days, when it is not too hot and the gentle breeze caresses her face.

Although she doesn't mind playing on a team, tennis allows her to develop her skills and abilities individually. She loves to improve herself and see that she can do better each day after training. This does not mean that she dislikes playing in pairs or doubles. If she has to choose who to play with, she always chooses to play with her friend Stella. The two have been friends for years and have an amazing friendship. It can be said that they are like sisters.

Last week, Lola received an invitation to play a game of tennis with neighbors on her street. She only had a week to practice. So, she decided to call Stella to practice her game. Stella had also received an invitation, so they decided it was a good idea to practice as much as possible.
