

Most spiders have 8 eyes  
others have 6 or less.

My spiders has \_\_\_\_\_ eyes.

4

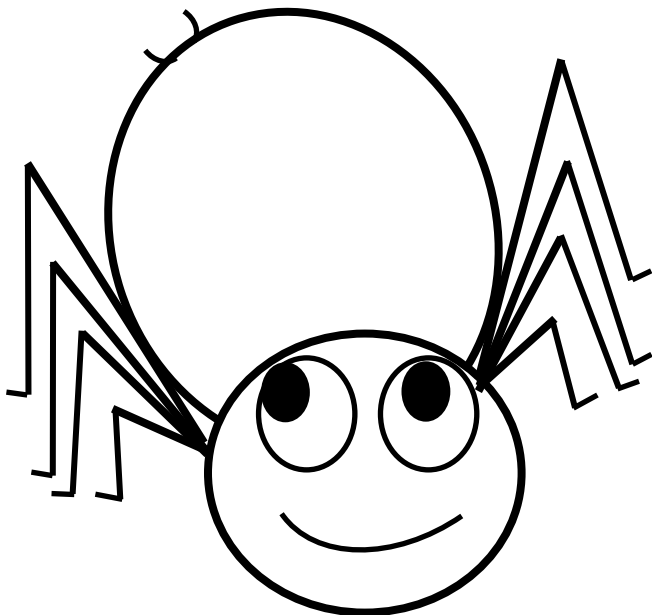

The Spider's spinnerets  
produce silk.

Draw a line from the web to  
the spider's spinnerets.

5

Most *spiders* have fangs  
too small to penetrate  
human skin.

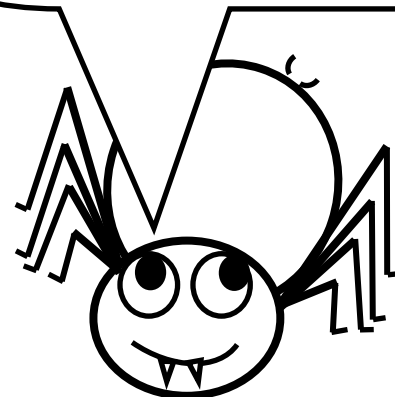

Draw the fangs on the spider.

6

- The majority of spiders are harmless to humans.
- They eat pests that you don't want.
- If left alone, spiders will consume most of the insects in your home.

Do you like spiders? \_\_\_\_\_

Are you afraid of spiders? \_\_\_\_\_
