MAYFLOWER

It is the name of the ship that left England and reached the east coast of the United States in 1620.

It transported the pilgrims seeking the new world.

The size of the ship is not known for sure, but it transported hundreds of people to the east coast of North America.

COLONISTS

They are people who, as their name suggests, colonize a place or settle in a new country.

Initially, the arrival to the new world was very hard, but thanks to the help of the Indians who lived there, they managed to survive and settle properly.
