GIVING THANKS ON THANKSGIVING DAY!

Like every year, Thanksgiving Day arrives and family and friends gather together at the same table to give thanks. It's a nice gesture, but why do we do it? On the first seven lines are some ideas of why it is important to celebrate this great day. On the last three lines, write your own personal thanks on this day.

Ready? Let's do it.

1. We give thanks for the family and friends we have.

2. We give thanks for the food we eat.

3. We are thankful for the opportunity to learn something new every day.

4. We give thanks for the clothes we wear.

5. We give thanks for the technology we have.

6. We give thanks for living under the roof of a house.
